#### **Budget Narrative**

#### Services & Programs

- Accessibility for All: In order to make the library more accessible for all, we will develop a new, ADA Accessible website, add
  automatic door openers to our main restrooms, while also replacing the stall dividers within the restrooms.
- Digital Materials: Last year digital materials accounted for 34% of borrowed items and already in 2025, digital materials are
  accounting for closer to 40% of borrowed materials. In order to meet this demand, the library intends to increase spending on
  digital materials by over 10%. Further, in order to help our community stay abreast of current events, we plan to offer digital
  access to the New York Times and Wall Street Journal.

#### Facility & Campus

- Roof Work Phase Two: Following replacement of large sections of saturated insulation, tuck pointing, and drain repair on our
  roof, we will continue to work with our roofing consultant and architect to develop the specs, and bidding package for roof
  replacement with the aim of completing bidding and contracting in this fiscal year.
- Façade Repairs: In an effort to maintain the nearly 100 year old exterior brickwork the library, will work with a contractor to undertake tuck pointing and recaulking of seams on select areas of the building.
- Mezzanine Transition: Due to increasing demand for private study spaces and underutilization of the Mezzanine, we have contracted with library architects to develop the plans and fundraising materials to add private meeting spaces to the Mezzanine.
- Technology: The library will continue the process of replacing all of its pcs in order to be fully compatible with the new Windows 11 environment.

#### Staff Team

• Personnel: In the previous year, a new full time library assistant position was added. These costs were offset to an extent by the reduction of part time staff. In total, personnel costs including salary and benefits will account for 59% of the library's operating costs. This is well below the State of Michigan recommendation of 65%.
